

## The Collection

For forty years, HOLLY HUNT has built a legacy of innovation, craftsmanship and quality. To celebrate this milestone, we are launching HH40, a new collection that honors those values. It also looks to the future by expanding the ways in which our designs can be a vessel for personal expression.

HH40 was created by the HOLLY HUNT Studio team, led by Executive Creative Director Jo Annah Kornak and in collaboration with our founder, Holly. The collection incorporates many elements, defined by artfully crafted pieces ranging from the refined and architectural, to the organic and sensual.
